## “Sprinter XP/P”-Range

### CERTIFICATE OF COMPLIANCE WITH:

**IEC 60896-21, -22**  
**UL 94, IEC 707**  
**ISO 9001**  
**ISO 14001**

Herewith, GNB Industrial Power declares that „Sprinter XP/P“-batteries (12V-blocks with C<sub>10</sub>-capacity from 24 to 92.8 Ah, 6V-blocks with 122 and 195 Ah) comply with the above mentioned international standards.

The batteries are tested acc. to IEC 60896-21, -22.

The housings are available in standard-HB or flame retardant V0 plastic material acc. to UL 94 respectively IEC 707.

The batteries are produced in Portugal, and the factory is certified acc. to ISO 9001 and ISO 14001.
